

## Lowest Final-Cost-Per-Mile

Actual tire expense depends on one thing, and just one thing—viz: the final-cost-per-mile.

"Nobby Tread" Tires deliver more miles for less money than any other tires in the world.

## "Nobby Tread" Tires

are adjusted upon the basis of  
**5,000 Miles**

—but the great majority of "Nobby Tread" users secure vastly more than 5,000 miles, using proper inflation.

"Nobby Tread" Tires are today by far the largest selling high-grade anti-skid tires in the world.

The highest priced or best Furnace made, that is installed wrong or half way right is no better than half a furnace. It being a poor rule that won't reverse, we may say that the most intelligent installation won't transform a poor furnace into a good one. Every detail in a hot air heating plant must be taken into consideration and worked out. The exact amount of cold air must go into the Furnace or the warm air won't come out. We know how to do these things and would be glad to show you some of the many Furnace jobs we have installed in and around Wauseon. You can then better judge for yourselves as to our ability to install a Furnace. If you have a furnace now and it is not giving entire satisfaction, let us know. It will cost you nothing for our advice. We have helped scores of others out of the heating troubles and we can help you.
